**DIRECTOR'S REPORT**

Director DeSorbo stated that he was attending meetings to discuss and plan for Restaurant Week which will be held in the early spring. Organizational plans are in the works and he will keep the commission updated on the progress. He has also gotten approval from the Town Council for a new incentive program for new businesses and Hobby Lobby is set to open in early 2013.

Director DeSorbo also stated that he has met with engineers about the relocation of Proto Drive and they were able to come up with a plan to re-route Proto Drive in order to give Town Fair Tire more property so that they can stay in town without having to move because of space issues and still keep the restaurant building intact. There are several interested parties in that location. More information will be given once Director DeSorbo has more details.

The EDC breakfast, in conjunction with the Chamber, was discussed. More information will follow when details can be ironed out with regard to location and date. It is tentatively scheduled to be held in the late spring.
