

# Chief's Report December 28, 2020

# I. Logistics

FIRE MARSHAL / DEPUTY CHIEF MARK NIMONS

- a. New Car 4 delivered and in service
- b. Rescue 2 being serviced by New England Fire Apparatus for a pump issue.
- c. The department continues to be heavily entrenched with managing the pandemic. The Connecticut Department of Public Health is the lead agency for the event. The department is assisting in any way possible and is also directing other departments in town as to guidance provided by the Connecticut DPH and DEMHS.
- d. Department personnel will begin vaccinations this week.
- e. Bids were advertised for volunteer pagers, overhead doors for headquarters and station 4 and a bid was advertised for protective clothing.

## II. Operations

- a. The department has been at the forefront of the COVID-19 pandemic. Operations have been adjusted for force protection. Numerous firefighters have become sick with COVID-19 so far all have recovered.
- b. A department activity report is attached.

### III. Finance

- a. The Town budget process will begin right after the new year.
- b. A tentative agreement with local 1205 which will allow us the ability to more easily recruit firefighters, retain personnel an adjust terminal leave payouts.
- c. COVID-19 has impacted the departments lines, we saw an increase in medical waste disposal costs and personnel costs impacted our staffing lines.
- d. The department has been working with finance and FEMA to recoup expenses associated with the pandemic.

## IV. Buildings & Facilities

a. Station 4 work has been slowed due to COVID-19 but siding and some unexpected salvage work was completed, new signs and now some interior painting.

## V. Personnel Matters

- a. Multiple firefighters have been quarantined or become sick with COVID-19, these have been a driver of overtime throughout the year.
- b. One Firefighter is on long term injury.
- c. Currently there are 3 vacancies and there will be 5 additional in January including the Training Officer and Fire Marshal tests have been scheduled for all positions however we may not be able to complete entry level before the state academy.
- d. Civil Service will be doing remote testing for entry level.

TRAINING OFFICER / DEPUTY CHIEF PAUL J. NORWOOD

- e. A special meeting will need to be scheduled some time in January for entry-level, fire marshal and training officer interviews.
- f. We are exploring running out own recruit training program which would be at a significant savings to the town.

Sincerely,

Matthew Marcarelli

Matthew J. Marorolli

Fire Chief
