PURCHASING POLICIES

All purchases should be made through RiverCOG and not through individual municipal departments.

Send all quotes to Susie Beckman at sbeckman@rivercog.org (860-581-8554) before moving forward with any orders.

RiverCOG Purchasing Policies:

- All equipment being purchased must be on the [Authorized Equipment List](#) and the AEL number must be identified.
- For any purchases over \$2,500, three methods of procurement policy compliance can be used:
 - Three quotes. The purchaser can acquire three quotes for the equipment. The lowest quote will be used unless there's a compelling reason to take a higher quote. If the preference is to go with a vendor other than the one providing the lowest quote; or if the preference is to go with someone other than the one with the most relevant experience, a statement explaining why is required.
 - Use of GSA or State Bid List Contracts. In such cases, the vendor will need to submit a price list confirming that the quoted prices are per contract. Just citing the contract number (e.g. 19PSX0201) isn't sufficient for grant documentation purposes.
 - Sole Source. If the vendor is the *only* maker or manufacturer of a particular product, no other quotes or contract information is necessary IF the vendor and the purchaser provide a compelling demonstration why that particular vendor's product is the only one available to suit the needs and requirements of the purchaser. Documentation should include verifiable criteria that separates such equipment from all other similar equipment available.
- A single quote for any equipment under \$2,500 shall be acceptable as long as it is considered fair and reasonable.
- Unless on the GSA or State Bid List Contracts, all Vendors must be verified via [SAM.gov](https://sam.gov) to ensure the vendor is not barred from doing business with the Federal Government/FEMA. If the vendor is not found on SAM.gov to verify eligibility, a letter attesting to the fact that the vendor is not barred from doing business with the Federal Government/FEMA is required.
